4. AAC achievements in 2022-2023

AAC & the EC: a successful partnership

AAC was invited to high-level meetings:
Action Plan special group, aquaculture workshop...

AAC worked with
DG MARE, DG AGRI, DG SANTE
& DG ENVI

EC answered to AAC Recommendations

EC participation to the AAC meetings

Repeated opportunities to provide feedback
on the Guidance Documents

Dialogue on upcoming survey on
aquaculture evolution

And countless phone
calls and e-mails
exchanged ...

General Assembly 26.09.23

Coming up next:

**Exchange of views with
the AAC members**

4. AAC achievements in 2022-2023

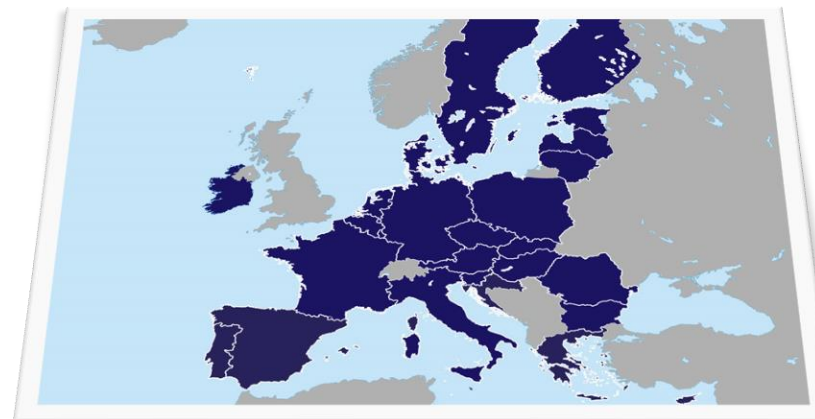

AAC & the Member States : building a strong relationship

Presence in all our meetings of
national aquaculture experts

Countries and regions renewing their
financial support to our work

Receive our recommendations and Commission's answers

Involving them is in your hands...

General Assembly 26.09.23

Coming up next:

**Exchange of views with
the AAC members**

4. AAC achievements in 2022-2023

Other achievements:

- Participation to the preparation of the future EC communication campaign on EU aquaculture
- Participation to some EMA meetings
- Work with a group of young aquaculture producers
- Campaign to recruit new members
- Work Programme objectives to be achieved

Special thanks from the secretariat
