

The Aquaculture Advisory Council (AAC) is delighted to invite you to a public webinar on:

Improving fish welfare with the “Code of good practices on fish welfare and fish welfare indicators”

Thursday 26 March 2026

 **13h00–15h15 CET**

To join on Zoom, click [HERE](#)

Open to all participants

 **Interpretation** in **English, French, German, Italian** and **Spanish**

 The webinar is **recorded** in multiple languages and uploaded on the AAC website

What is the Code of good practices on fish welfare and fish welfare indicators?

The Code was developed as part of the **implementation of the “EU Strategic Guidelines** for a more sustainable and competitive EU aquaculture (2021–2030)”. It complements the Commission’s document on “Good Husbandry Practices for aquaculture”.

The Code outlines non-species-specific good practices related to key welfare topics and **identifies general welfare indicators** that can be used to monitor and evaluate animal welfare in aquaculture operations. The document is designed to be **practical and accessible for producers**.

Access the Code : [here](#)

Why attend?

This webinar will outline the policy context, introduce the fish welfare indicators and behavioural assessment, and explore how the Code can be applied in practice. By bringing together **scientific expertise** and **industry experience**, it offers a shared space for exchange **among aquaculture producers, public authorities, researchers, NGOs, and other stakeholders**.

In this context, the European Union Reference Centre for Animal Welfare for Aquatic Animals (**EURCAW-Aqua**) plays an important role by assisting the National Competent Authorities in Member States in using animal welfare indicators during official controls.

If you already have questions you would like us to address during the webinar, please send them in advance to secretariat@aac-europe.org

Programme

13:00 – 13:10

Welcome & introduction, *Phil Brooke, Vice-Chair WG1 AAC*

13:10 – 13:15

Interactive session

13:15 – 13:25

Policy context of the Code of good practices on fish welfare and fish welfare indicators, *Birgit Van Tongelen, DG MARE*

13:25 – 13:40

Presentation on EURCAW-aqua, covering its activities and planned deliverables, *Francesc Padros, EURCAW-Aqua*

13:40 – 13:55

Q & A

13:55 – 14:15

Making Fish Welfare Indicators and Behavioural Assessment Applicable to Industry, *Pablo Arechavala-Lopez, AAM*

14:15 – 14:30

Q & A

14:30 – 14:50

Applying the Code of Good Practices on fish welfare in Aquaculture Operations, *Mayra Llorente-Manzanares, AAM*

14:50 – 15:05

Q & A

15:05 – 15:15

Closing remarks, *Phil Brooke, Vice-Chair WG1 AAC*
