

Croatian Aquaculture Association (CAA) within Croatian Chamber of Economy

Aquaculture Advisory Council
General Assembly Meeting
Brussels, September 10 th 2019.

The Croatian Aquaculture Association (CAA-CCE)

- Founded in 2004.
- FEAP member from 2005.
- Members: all companies involved in aquaculture production in Croatia (both marine and freshwater)

CAA – CCE's mission is to:

Represent, defend and promote the interests of the whole Croatian aquaculture industry (mariculture & freshwater) with the Croatian Institutions, national bodies and stakeholders platforms and with the European Institutions;

Lobby for a legislative framework and its implementation, as to maximise market opportunities for Croatian aquaculture companies;

CAA-CCE is the main independent spokesman of the whole Croatian Aquaculture Industry at the level of the Croatian and European Institutions.
